Wildflower (a Colors novel) Jessica Prince

Wildflower is a STANDALONE Contemporary Romantic Comedy that follows characters introduced in Love Hate Relationship.

At sixteen, Harlow Prewitt thought she'd found the love of her life. At seventeen, that love was put to the ultimate test. And at eighteen, it failed completely, shattering her beyond repair.

Leaving behind everything she had ever known, Harlow was determined to start over some place different, some place where memories of the past couldn't follow. And she was never going back.

Or so she thought.

Noah Murphy has lived a life full of regrets. But Harlow's unexpected return has given him another chance, and he's determined to make this one count. Because a love like theirs isn't something people find more than once in a lifetime. This time he won't let her go. This time he'll fight with everything he has. He might have lost her before, but he'll be damned if he loses her the second time around.
